### **INVESTMENT MANAGER SIGNATORY DECLARATION**

Dear UN PRI:

As institutional investors, we have a duty to act in the best long-term interests of our beneficiaries. In this fiduciary role, we believe that environmental, social, and corporate governance (ESG) issues can affect the performance of investment portfolios (to varying degrees across companies, sectors, regions, asset classes and through time). We also recognize that applying these Principles may better align investors with broader objectives of society. Therefore, where consistent with our fiduciary responsibilities, Everberg Capital, LLC commits to the following:

- To incorporate ESG issues into investment analysis and decision-making processes;
- To be an active owner and to incorporate ESG issues into our ownership policies and practices;
- To seek appropriate disclosure on ESG issues by the entities in which we invest;
- To promote acceptance and implementation of the Principles within the investment industry;
- To work with the PRI Secretariat and other signatories to enhance their effectiveness in implementing the Principles;
- To report on our activities and progress towards implementing the Principles.

In signing the Principles, we as investors publicly commit to adopt and implement them, where consistent with our fiduciary responsibilities. We also commit to evaluate the effectiveness and improve the content of the Principles over time. We believe this will improve our ability to meet commitments to beneficiaries as well as better align our investment activities with the broader interests of society.

We encourage other investors to adopt the Principles.
